Q: What is the female reproductive cell called?

A: Egg cell

Activity 7.3.3: Puberty & Pregnancy Review

Female Reproductive System Part 1

Q: What is the name of the body part that produces/releases eggs every month?

A: Ovaries

Activity 7.3.3: Puberty & Pregnancy Review

Female Reproductive System Part 1

Q: What is the name of the tubes that the released egg travels through to reach the uterus?

A: Fallopian tube

Activity 7.3.3: Puberty & Pregnancy Review

Female Reproductive System Part 2

Q: What is the medical term for the monthly shedding of the lining of a female's uterus?

A: Menstruation

Activity 7.3.3: Puberty & Pregnancy Review

Female Reproductive System Part 2

Q: What is the process of a mature egg being released from an ovary?

A: Ovulation

Activity 7.3.3: Puberty & Pregnancy Review

Female Reproductive System Part 2

Q: What is the outermost part of the female reproductive system called?

A: Vagina

Activity 7.3.3: Puberty & Pregnancy Review

Female Reproductive System Part 2

Q: What is the structure in the lower portion of the female's uterus that opens into the vagina?

A: Cervix

Activity 7.3.3: Puberty & Pregnancy Review

Male Reproductive System Part 1

Q: What is the male reproductive cell called?

A: Sperm cell

Activity 7.3.3: Puberty & Pregnancy Review

Male Reproductive System Part 1

Q: What is the name of the organ that produces sperm?

A: Testicles

Activity 7.3.3: Puberty & Pregnancy Review

Male Reproductive System Part 1

Q: What is the name of the tightly coiled tube where sperm is stored, located next to the testicles?

A: Epididymis

Activity 7.3.3: Puberty & Pregnancy Review

Male Reproductive System Part 1

Q: What is the name of the physiological change that happens to a male's penis when he becomes sexually aroused?

A: Erection

Activity 7.3.3: Puberty & Pregnancy Review

Male Reproductive System Part 2

Q: What is the name of the process of the release of semen from a male's penis?

A: Ejaculation

Activity 7.3.3: Puberty & Pregnancy Review

Male Reproductive System Part 2

Q: What is the male reproductive organ called?

A: Penis

Activity 7.3.3: Puberty & Pregnancy Review

Male Reproductive System Part 2

Q: What is the tube located inside the penis called?

A: Urethra

Activity 7.3.3: Puberty & Pregnancy Review

Pregnancy

Q: What is the joining of a sperm with an egg called?

A: Fertilization

Activity 7.3.3: Puberty & Pregnancy Review

Sex Hormones

Q: What is the name of the primary female sex hormone?

A: Estrogen

Activity 7.3.3: Puberty & Pregnancy Review

Sex Hormones

Q: What is the name of the primary male sex hormone?

A: Testosterone

Activity 7.3.3: Puberty & Pregnancy Review

Sex Hormones

Q: What gland releases a fluid that combines with sperm to make semen?

A: Prostate gland

Activity 7.3.3: Puberty & Pregnancy Review
